USAF THUNDERBIRD TEAM AERIAL DEMONSTRATION FALCON STADIUM

This Aerial Demonstration is conducted in honor of the Graduating Class of 1975. This event exhibits to the public the technical and professional capabilities of the United States Air Force. The team is comprised of select pilots assigned to the Tactical Air Command and demonstrates the coordination, discipline and flying ability that are required for a highly effective combat-capable fighter pilot which fulfills a vital role in our air power.

Federal Aviation Administration regulations prohibit spectators from being within 1500 feet of the flight path during acrobatic aerial demonstrations. Therefore, for your own safety and to comply with the FAA regulations, no one will be permitted to leave the stadium after the graduation ceremony until the completion of the Thunderbirds' show.
