O I Ski

Capt Terry

Sock it to me ?

Here we are into the month of March and Spring Break is just around the corner. Most of us are really looking forward to the break, and then again there's that hard core group that really doesn't care.

Keeping with the Dodo editorial policy I feel it is the duty of the editor to bring to the surface those things which are near and dear to the hearts of all of us. Number one on the list: Academic Form 10's. We of the Dodo Staff think that it's really great that we can get more military training in the classroom. Without this new policy for late work being turned in some cadets would never do their work and would lower the academic excellence that each and every cadet strives for. Now everyone is forced to turn their work in on time or have plenty of time to think about why they didn't the next weekend. If we keep this up pretty soon we will be on the same level as West Point and Annapolis militarily and academically.

Noticing around campus this week, it is a fact that many of the second classmen are in a state of euphoria. Wonder if the exchange weekend had anything to do with it?

By the way are you studying now and enjoying it less? Obviously you're not a first classman!

Flash!!! The Dodo Staff announces its first Bicentennial Feline Issue. All girls who desire to make an input to our April issue send your articles to Dodo Staff, Boxes 4078 and 2633, USAFA. Please remember that this is a censored publication. Really!?! Please include your names, addresses, phone number, etc....

And remember, "The pear tree that beareth the fig is not half as strange as the wind that bloweth the Mountain Lion up the mountain!"

Ski

Most people, even cadets, have heard of the **Hart** ski and the **HEAD** ski. But how many have heard of USAFA's own brands of skis? LIKE ...

THE DODO SPACEMATE

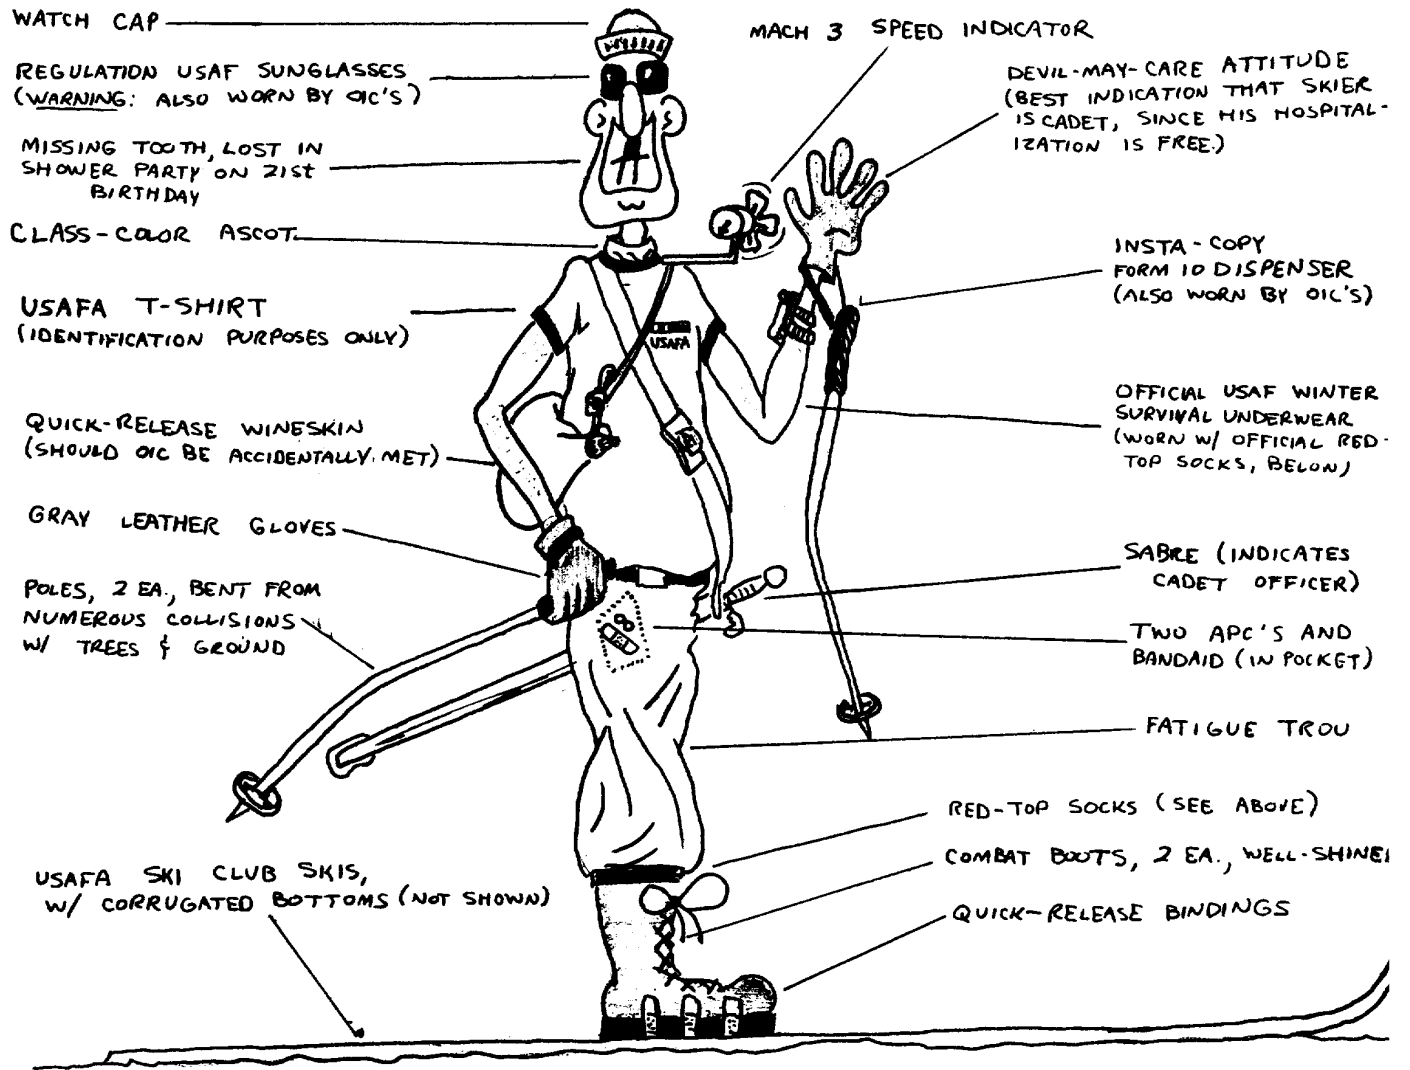

This month's Spacemate is Linda Gerlach, a tall 5'7" brown-eyed beauty from upstate New York. She is presently at the State University College at Potsdam, New York (where?). Linda has been bitten by the ski bug this year and can't wait to hit Colorado's slopes after conquering New York's little hills. Among her loves are Persian cats, the Funky Broadway, popcorn, Volkswagons (and better yet Porsches), badmitton, and a lucky firstee in 17th squadron. We of the Dodo Staff can't think of a better way to hit the slopes this spring.
