EDITORIAL ...

As in any latrine, the old
must be flushed away to make
room for the new and such is
the case as this year's staff
bids a final [redacted] with ten
returning fish heads, next
year's staff will greet your

solemn return for the fall
of '73'. It is with this issue
that I wipe my [redacted] of the
matter and hand it over to
Dan (Threen) Heim, CWDS-06,
who will guide you thru the
next year. The staff also bids
a cheerful good bye to OIC

Capt Sands and Colonel Till.
I hope every body is looking
forward to June weekend

What do you call an AOC laying on the grass?
-Fertilizer.

How many Pollacks does it take to rob a bank?
-Six, One to hold the gun and five to write the note!

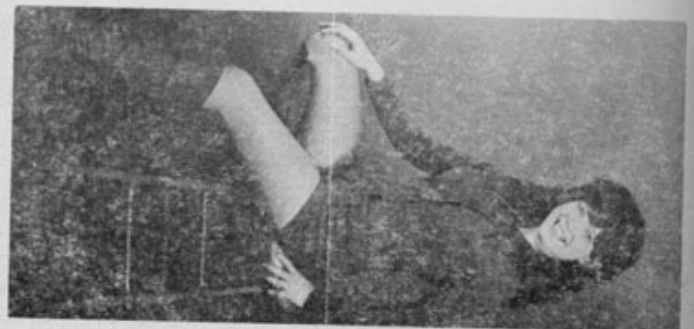

How did the Pollack get 32 holes in his head?
-Trying to learn to eat with a fork.

Did you hear about the lazy AOC that married a pregnant woman?

For National Beautification Month,
try throwing a Pollack in a garbage can.

Pollacks make the
best astronauts.
They took up space
in school.

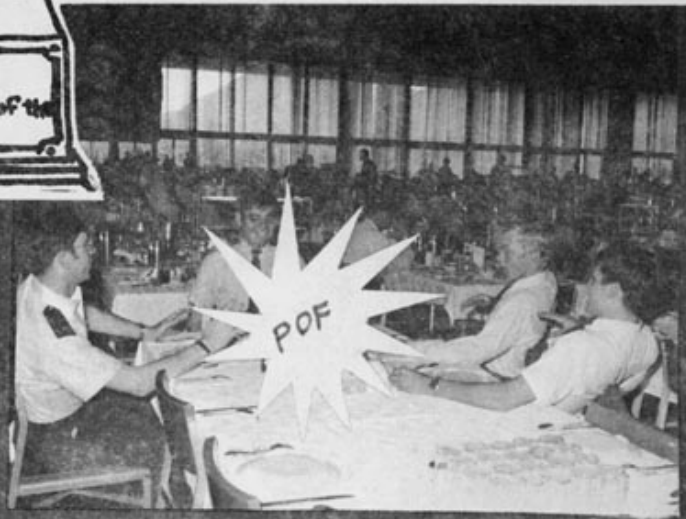

What does a Pollack do for entertainment?
-Sit under the big arch in St. Louis, waiting for a McDonalds to open.

A Pollack and an Irishman were out hunting when a beautiful naked girl came running by. The Irishman yelled, "Iass, are you game?" She said, "Yes".
..... So the Pollack shot her.

THE BATTLE OF GRARRIDGE

SELECTED ITEMS FROM "THE SEMESTER ONE WAR"

BY DR. HENRY ALFONDO BYONDO (P.F.T., Z.I.I., E.T.C., E.T.C.)

FORCES UNDER THE COMMAND OF USE EATITBIG REACH THE BASE OF "THE RAMP", A HEAVILY DEFENDED POSITION MANNED BY MILITIAMEN AND D.O.D. FORCES (DEPARTMENT OF THE DEAN). AFTER A ROUGH CROSSING OF THE SMACKYEAR RIVER (SEE "THE GREAT WAR OF ATTRITION PRECEDING THE SEMESTER ONE WAR" ALSO BY DR. HENRY ALFONDO BYONDO (P.F.T., Z.I.I., O.I.C., S.O.D., B.O.R., D.O.A., E.T.C., E.T.C.)) EATITBIG REACHED HIS PRESENT POSITION ON T-DAY 21. HIS MAIN OBJECTIVE WAS TO FOLLOW THE P AND S RAILROAD TO AIESNBYS IN ORDER TO GAIN SANCTUARY AGAINST THE STRONG D.O.D. FORCES STATIONED TO THE NORTHWEST AT DOUBLEW AND AERO. HIS FIRST CORP, UNDER BATTLEHARDENED MAJ. GEN. BICPEN (SEE "BICPEN RUNS OUT, A CRITIQUE OF THE HISTORY 201 ESSAY") AND HIS SECOND CORP UNDER GEN. WAGMASTER, MASTER OF THE HEXAGONAL ROLL, WHICH HAD BEEN PARTICULARLY EFFECTIVE AGAINST D.O.D. MULTIPLE CHOICE UNITS, WERE UNWILLING TO ENGAGE UNTIL WEATHER CONDITIONS WERE FAVORABLE.

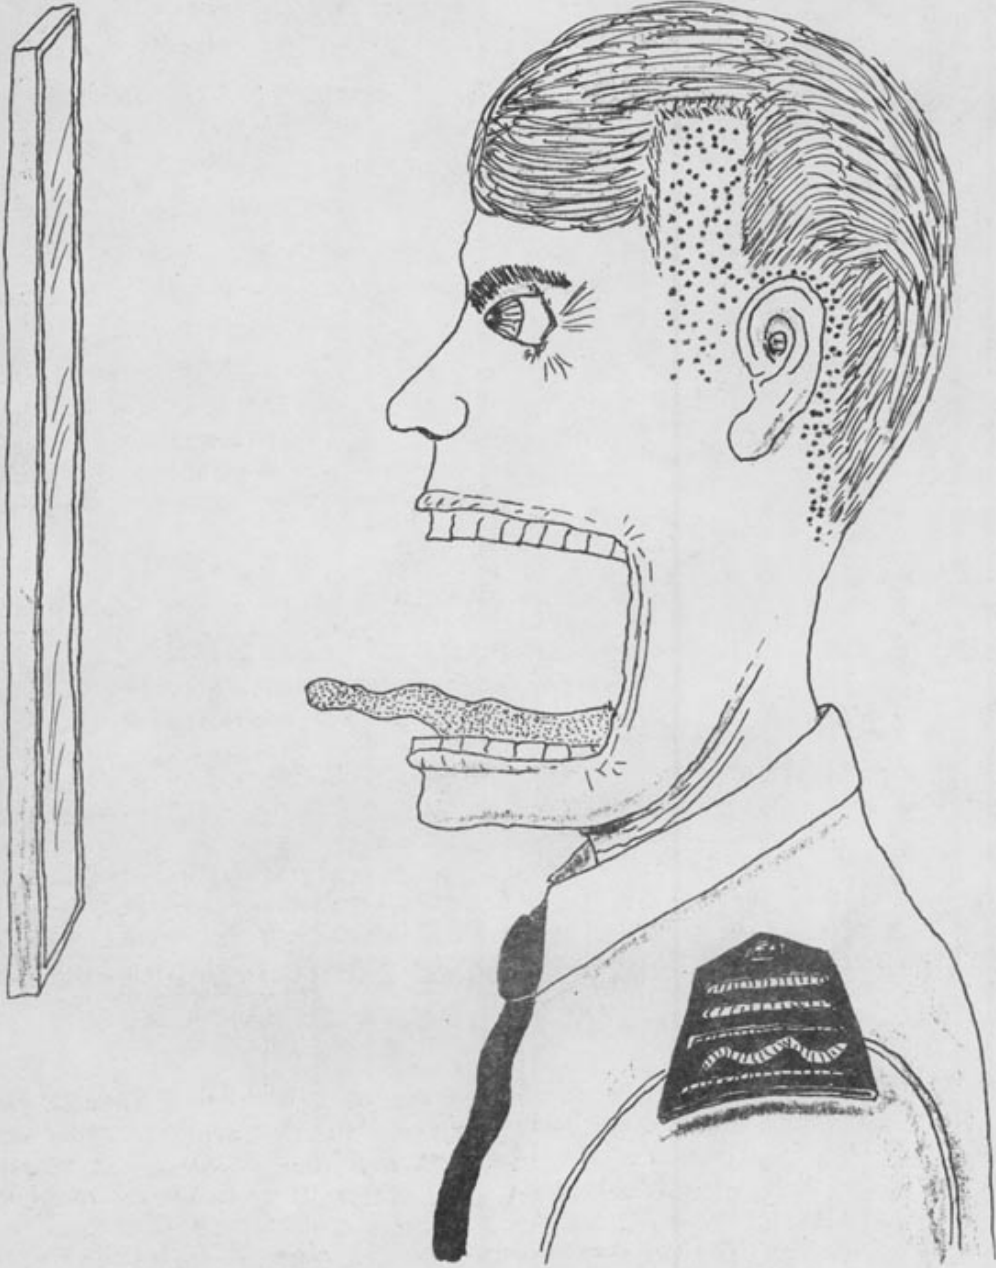

AFTER A REPEATED ATTEMPT BY THE SECOND CORP ON COMP SCI, EATITBIG'S REGULARS WERE REBUFFED BY 5500 MILITIAMEN UNDER THE COMMAND OF MAJ. GEN. WILLIAM BURROUGHS. CONSTANT HARASSMENT BY TRUE/FALSE AND MULTIPLE CHOICE ELEMENTS OF D.O.D.'S FIRST CORP STRANDED EATITBIG'S FIRST CORP WITHIN A PERCENTAGE POINTS OF AIESNBYS (PRONOUNCED A' + B' + 1/2). ON M-DAY 22 A DARING ATTEMPT TO BREACH THE D.O.D.'S LINE IN THE FAMOUS BATTLE KNOWN AS PHYSICS FOLLY. TAKING TWO REGIMENTS FROM THE SECOND CORP, GEN. WAGMASTER REACHED AND DESTROYED SANITY BUT SUFFERED HEAVY CASUALTIES ON THE WAY BACK TO HIS LINES DUE TO GEN WILLIAM BURROUGHS' (KNOWN BY HIS COHORTS AS "BILLIE") STRONG BATTERY OF SHORT ANSWERS AND DISPERSED FILL-IN-THE-BLANK UNITS PATROLING THE OUTSKIRTS AND FRINGE AREAS OF SANITY. IT WAS DURING THIS BATTLE THAT COLONEL SIN TAX UTTERED THOSE IMMORTAL WORDS, "ERROR NUMBER 100, ERROR NUMBER 139, ERROR NUMBER 002, SORRY, TOO MANY ERRORS TO CONTINUE!" TO WHICH GEN. WAGMASTER REPLIED, "WHEN IN DOUBT, PUNT!"

ON T-DAY 22 A HEAVY BLANKET OF SNOW, MADE PATHS AND RAILROADS ALIKE IMPASSIBLE. HOWEVER BOTH FORCES CONSIDERED THE CHANGE IN WEATHER AND EXCELLENT OPPORTUNITY FOR DECISIVE MANEUVERS. SHOWN IN OUR ILLUSTRATION TO THE LEFT IS THE MAIN LESSON TO BE GAINED BY HISTORIAN AND STUDENT ALIKE. AS GENERAL EATITBIG SAID, "ONE STEP TO THE RIGHT, TO GAIN TWO STEPS TO THE LEFT AND THEN THE CHA-CHA-CHA!" AS YOU CAN SEE, THIS BRILLIANT STRATEGY ALLOWED HIM TO RETREAT WITH A MERE 75% CASUALTIES. D.O.D. FORCES MAIN MOVE WAS TO FORTIFY FOR WHAT WOULD PROVE TO BE THE FINAL OFFENSIVE OF THE WAR CALLED "THE FINALS", DUE TO THEIR VAST SUPERIORITY IN THE FIELD OF MEN AND MATERIEL, AND THEIR ACE IN THE HOLE, THE MAKEUP QUIZ, VICTORY WAS INEVITABLE BY T-DAY 40.

When Virgie-Poo left I promised I would carry on the proud tradition he had established, as all good TUNAS should; but I failed and nobody likes me and being oppressed just isn't fun. Even my best friend Wally doesn't like me anymore and he won't let me play with my Dahlly.

None of the guys want to play Army any more and everyone is getting sick from sunburned scalps. What can I do to get all my friends and fellow TUNAS back?

BIG SHTICK II

RETURN WITH US NOW, TO THOSE THRILLING DAYS OF YESTER-SEMESTER. WHEN YOU (73) GOT A CHANCE TO FIGHT FOR YOUR COUNTRY... IN... **BIG SHTICK II!**

A SHORT INTRODUCTION: BIG SHTICK II STARTED OUT AS, WHAT ELSE BUT, BIG SHTICK I - BEFORE THAT, PROBABLY BIG SHTICK ZERO. THE POINT IS... IT WAS A WAR GAME USED BY THE WAR COLLEGE TO TRAIN STRATEGISTS. HOWEVER, THE GAME GAINED IN POPULARITY AND SOON THE STAFF HAD TRAINED THEIR WIFE AND CHILDREN... IT BECAME A SUNDAY-AFTERNOON-WITH-TEA GAME. EVENTUALLY IT REACHED USAFA AND WAS INCORPORATED INTO THE M.T. 320 COURSE. SO HERE IT IS... GRAB YOUR BATTLE MANUAL AND LET'S GO...!

PLAYERS NEEDED...

- 1 TEAM CHIEF 
 - 1 SAC CHIEF 
 - 1 TAC CHIEF 
 - 1 ADC CHIEF 
 - 1 BUDGET PLANNER 
 - 1 QUACKER 
 - 1 RANDOM NUMBER CALLER 
 - 1 FREAK 
- EXTRA PLAYERS MAY BE ASSIGNED AS HARASSERS 
- GREEN TEAM (SEE RULES)
- 1 SPY 

RULES:

THERE ARE TWO TEAMS - RED AND BLUE. AN OPTIONAL GREEN TEAM MAY BE EMPLOYED FOR CREATING SOUND EFFECTS. THE OBJECT OF THE GAME IS TO SCORE THE MOST AMOUNT OF PRINTS - THE FIRST TEAM TO DO THIS IS THE WINNER. THE GAME IS DIVIDED INTO 4 PARTS:

- A. PLANNING
- B. NUCLEAR EXCHANGE
- C. ACTUAL BATTLE
- D. POLICING THE AREA

FOR MORE DETAILED RULES REFER TO YOUR BATTLE MANUAL. WHATS THAT? YOU SAY YOU HAVEN'T GOT ONE. YOU WERE SUPPOSED TO PICK IT UP IN 1C1 LAST WEEK. LAST 4 PLEASE. AS I WAS SAYING. THE SIMPLE RULES CITED ABOVE WILL SUFFICE FOR NOW. THE BEST WAY TO LEARN IS TO LOOK IN ON AN ACTUAL GAME. YOU WILL PICK UP THE RULES AS YOU GO ALONG.

PLANNING

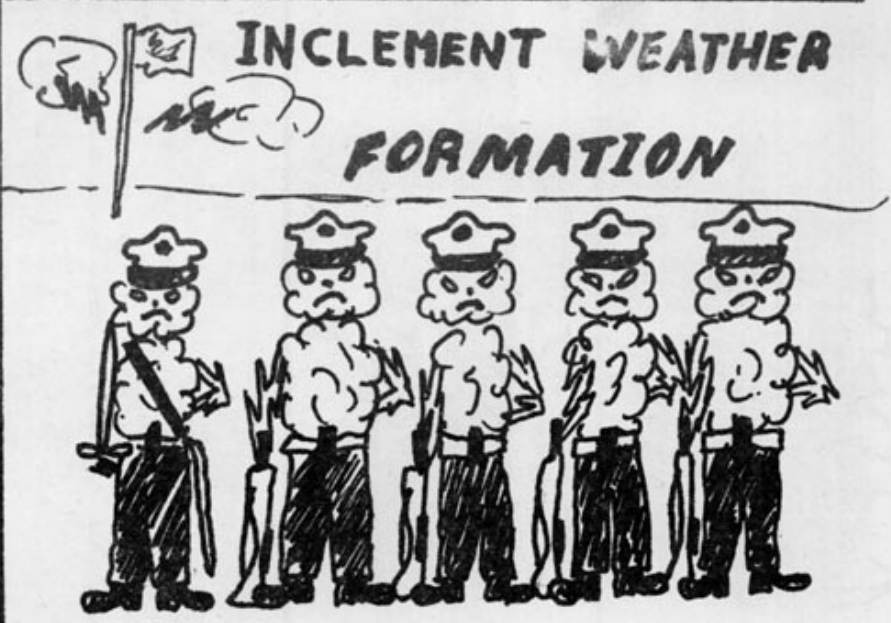

HERE WE SEE THE GAME IN ITS INITIAL PLANNING STAGE. THE THREE FORCES; SAC, TAC AND ADC, PLAN THEIR OPERATIONS - KEEPING IN MIND THE BUDGET LIMITATIONS: (EACH TEAM IS AWARDED \$2 BILLION + A MASTER CHARGE CARD WHICH EXPIRES ON THE 3RD LESSON. THE OFFICER IN CHARGE SETS READY TO OFFER HELPFUL SUGGESTIONS AND ANSWER QUESTIONS. THE FREAK AND THE HARASSERS TRAIN IN SEPARATE ROOMS FOR REASONS OBVIOUS LATER. THE QUACKER BEGINS TO LEARN TO QUACK. TARGETS ARE TARGETED.

I know the D@D@ promised you no more of these, but we needed an extra page to make this issue come out even so once again we bring you even more...

"OF COURSE, IF YOU LIKE YOU'LL BE PROVEN INNOCENT"

GREAT GDB'S WE HAVE KNOWN

ANNNNND HERE THEY ARE...

Well, here we are again for the introduction of this year's annual ALL-STAR TEAM. To be a member of this elite group, you must be a graduating First Classman with conduct that would be exemplified by any third grader. This brings us to our lead off hitters who have earned their positions by going beyond the call of duty and spending that

little extra effort to extend their school days to five and six years respectively. The All-Star on the left is Cadet Keith Andrews of CWDS-07 who entered with the class of 71, but decided to take a vacation-courtesy of the Dean. After a nine month rest (I wonder why nine months) Keith came roaring back to become a full-fledged lackey on the Supt's lists. The wedge on the right is Cadet J.C. Weydert who earns his position of longevity by entering with the class of 70. His formative years were started at Santa Barbara J.C. and followed by a brief respite at Millard's Prep School. With this impressive background, J.C.'s wonder years at USAFA came to an end at Christmas 1968 when after being on Ac Pro through ten progress reports, he was given the royal flush and sent back for more prep. His never say die attitude became evident when on August 1969 his retention span ran out and he was allowed to come back. The Staff wishes these men Good Luck on getting that first promotion.

Our second All-Star has had his share of new squadrons through the past four years. Getting off to a good start, Cadet Dave Bull impressed those above him by leaving a dog ~~on~~ on his window during a SAMI. Picking up his campaign ribbons up early at the "Old Manor Parties" Bull S--- could be seen blowing down I-25 in his '62 Rambler with many a mother's son hanging on for life. With a rise through the ranks that will only be matched by General Lenz's war stories, Dave became a proud but short term owner of a 'vette. His ability to attract the Castle Rock Cowboys has earned him more speeding tickets and

other traffic violations on record. And it was this experience which left his 'vette in a state of no repair. Keeping all regs in their proper places, Dave fulfilled his life's ambition of drinking a minimum of a six pack a day for 100 consecutive days. We hope dave can keep up the bull.

The next bird to grace our pages is the original ancestor of Whistler's mother who has entertained countless thousands with such tunes which range from William Tell's 1812 Overture to The Flight of the Bumble Bee. Getting a late start in his bid for All-Star, Pete Deflippo became one of the first to be thrown out of an Allied Arts performance for "conduct unbecoming" and it was his show of gratitude to the Arnold Hall patrons of Art which led to his contribution of his famous sculpture "broken marble bench" which cost a mere \$450.00. His most famous caper earned him the title of the "Last of the Big Time Losers" when after countless successful missions through the dorm w/girl he was caught by "Green Jeans" and given the last of the 6+120s. Making the fatal mistake of being caught during BCT, Pete became permanent SOD which afforded him the chance to live with his work. To end a happy story, Pete was caught kissing his girl good-bye after being caught and again written up for PDA. His good luck doesn't end here, however, for three later his 'vette was hit by a tourist in front of the Field House. It is Pete's Luck of the Irish that will serve as an example of those to follow.

The DODO finally introduces the man who helped make USAFA just a little more fun and exciting: none other than Martin S. Shearer "The GROG" the 1972 All-Star Captain. Marty or King Tunnel Rat as he is known by the security guards, was the first 72'er to reach triple figures in GPLD when he proved beyond a shadow of doubt that a valet unit can be blown off the wall using the correct combination of M-80's and a motherly touch. Marty also accumulated 50 years bad luck by breaking on of the hall mirrors. Marty is perhaps most famous in his help to the Air Force. His new methods of swimming at Edwards proved that U-trou definitely does not slow down one's speed in the water. He also received a commendation from the maintenance people

at Edwards for his great help in the relocation of all the on-base road signs.

Co-Captain of our team is John G. Humphries (Hump). Not Shown. John is well known at G's for helping them get rid of all those ugly mirrors. John also found that fire doors are much more functional when kicked into the horizontal position.

Together, our boys are known as the "Jewish Usher Flight" which for them met Sunday morning during the Protestant Service. However the OIC would not believe that they were only resting on the pews (horizontally) from their hard practice for next Sunday's services.

Our Recondo*-Airborne-2nd BCT Boys want to be remembered for their new game. To play you need one fairly large mud-puddle, mess-dress and two willing players. The Staff wishes to congratulate this year's All-Stars and hope that they become as much as an asset in the Air Force as they have been to the Academy.
