The Air Force Game

October 14, 1972

EDDIE MILLER

FROM
THE DESK
OF THE
EDITOR

The Air Force Academy football squad is visiting us today for only the second time since the sport was initiated at the Academy in 1956, and we welcome the entire party from Lt. General Albert P. Clark, the Superintendent, to Athletic Director, Colonel Frank Merritt on down to Head Coach Ben Martin and his exciting 1972 team!

The Falcons are undefeated in 4 games and averaging 51.5 points per game; second highest scoring eleven in the nation. (Oklahoma is first with a 56 point average.)

The Air Force Choral performed in Roberts Center last night and the singing cadets were superb. They were accorded a much deserved standing ovation!

Next Saturday afternoon the Eagles are on the road again, traveling to Pittsburgh for a 1:30 Saturday afternoon game with the Pitt Panthers. Gil Santos and Gino Cappelletti will bring the game to B.C. fans on WBZ Radio. The next home game here at Alumni Stadium will be three weeks from today on November 4 against Syracuse. (The Eagles have an open date on October 28.) Good tickets are available for the Syracuse game and the remaining games on the '72 schedule. The better seats are going fast for the November 18th clash with Penn State and for the annual finale with old rival Holy Cross on December 2nd.

The Syracuse game on November 4 is Family Day and not only are special reduced rate tickets available but a morning full of games testing the athletic skill of the boys and girls of B.C.'s alumni and friends, is on tap once again. Something new this year will be swimming in the morning at the new complex in addition to skating in McHugh Forum, basketball in Roberts Center, football on the practice field. So come early and make a real family day of it, pack a picnic lunch, tailgate, or take advantage of the special lunch being served on the soccer field at noon — all you can eat for \$1 per person!

Two final reminders, tickets for the Varsity Club's Hall of Fame Dinner to be held on Friday evening November 3rd (the night before the Syracuse game) can be purchased at Roberts Center. There are seven new inductees (see Ed Hurley's fine story on page 7) and this is always one of the high points of the athletic year at the Heights. Mention of the Varsity Club brings to mind Mr. Varsity Club himself, Nat Hasenfus, the president and one of the most loyal and lovable Boston College men of all time. Nat is recovering nicely from surgery at the Faulkner Hospital and he'll be back with us very soon we hope.

Lastly, the Boston College sub-varsity football team, including a large group of outstanding freshmen, will play Brown University here at Alumni Stadium next Friday afternoon, October 20th, at 2:00 P.M.

U.S. Air Force Academy

Top Right: An Air Force Academy cadet color guard marches on the terrazzo in a June Week parade. Smartly dressed cadets, precision marching, and one of the best military bands in the country attract many spectators to cadet parades.

Top Left: Air Force Academy cadets attending religious service in the Protestant nave of the Academy Cadet Chapel. Chapel attendance is considered an essential part of a cadet's moral and leadership training. Chaplains of the three major U. S. faiths are available to minister to the spiritual needs of the cadets.

Bottom Left: The Eagle and Fledglings symbolize the mission of the Air Force Academy. Fledgling cadets come to the Academy, and, under the guidance of experienced Air Force officers, gain academic and military skills that will fit them for a career of service to their country. The motto on the base of the statue stresses the importance of education: "Man's flight through life is sustained by the power of his knowledge."

Chevrolet. Building a better way to see the NCAA

The 1973 Monte Carlo. A personal luxury car of the first rank. With elegance, silence, comfort and the confident handling you find in much more expensive cars.

Monte Carlo has been redesigned and re-engineered to the extent that we think you'll find it one of the finest riding, most precise handling cars you've ever driven.

Chevrolet engineers have succeeded in combining this excellent ride and handling with a new body design that reflects the sophistication of these mechanical refinements. Right down to the rear seat opera windows.

And added to these qualities, our engineers have created a quietness that strikes everyone who drives the car. And quietness is one sure mark of a luxury automobile.

The 1973 Monte Carlo. A new and better way to see the NCAA. Even if you follow your favorite team coast to coast. **Chevrolet. Building a better way to see the U.S.A.**

Enjoy the game. And remember to buckle up on your way home.
